mensole in ceramica

ceramic shelves

*repisa en cerámica*

Il progetto Tabulae ha il punto di partenza nei piani in ceramica che ampliano la gamma produttiva di Galassia, presentando nuove soluzioni di arredo.

Una mensola sottile, dal design lineare, da interpretare in accostamento a strutture metalliche dalle linee essenziali o come piano per mobili.

La scelta dei colori e delle finiture dà la possibilità di abbinare Tabulae ad un'ampia selezione di lavabi e sanitari, ottenendo interessanti soluzioni di continuità cromatica e materica.

*Tabulae project has the starting point in the ceramic tops that extend Galassia production range.*

*A slim shelf, with a linear design, to be interpreted in combination, with metal structures with essential lines or as a top for furniture. The choice of colors and finishes, allows to combine Tabulae with a wide selection of washbasins and sanitary ware, getting interesting solutions of chromatic and material continuity.*

Le dimensioni dei lavelli possono variare del +/-2%, si raccomanda di effettuare i tagli e gli aggiustamenti sul mobile solo dopo aver ricevuto il lavello.

Due to +/-2 ceramic dimension tolerance, it is recommended that the cabinet makers wait until the sink is delivered before making the cabinet.

A causa de la tolerancia de la cerámica +/-2%, se recomienda que el fabricante de muebles espere a que se entregue el fregadero antes de hacer el mueble.
